

## **“The Data-Centric AI Revolution: Shifting Focus from Models to Information”**

The ICFAI University, Raipur is pleased to organize an expert session on **“The Data-Centric AI Revolution: Shifting Focus from Models to Information.”** Under the visionary leadership of **Prof. (Dr.) Shiv Dayal Pandey, Hon’ble Vice Chancellor**, and **Dr. Archi Dubey, Registrar**, the session highlighted the evolving paradigm of Artificial Intelligence, emphasizing the shift from building complex models to improving the quality, relevance, and management of data.

The expert talk was delivered by **Dr. Sreejit Panicker**, Training Head at Techment Technology, Bhilai, who shared valuable industry insights and real-world perspectives on data-centric AI. The session was held on **3rd February 2026 at 02:00 PM** in the **Auditorium, Block B**, and was jointly organized by the **Corporate Resource Centre (CRC)** and the **Faculty of Engineering & Technology**. The event witnessed enthusiastic participation from **more than 100 students**, making the discussion highly interactive and impactful.

All **FOET faculty members** were actively involved in the planning and execution of this academic event, reflecting a strong spirit of collaboration within the department. The session was **hosted by Dr. Nisha Madam**, and concluded with a **vote of thanks delivered by Dr. Ramesh Yadav, HOD, FOET**, whose words acknowledged the efforts of the speaker, organizers, faculty members, and participating students, ensuring the overall success of the program.

### **Event highlights and key moments.**
