The ICFAI University, Raipur organized a "One-Day National Workshop on NEP2020". The aim of this workshop was to discuss various aspects of the National Education Policy 2020 (NEP2020) and to deliberate on new ways to bring reforms in education. The Chief Guest and Keynote Speaker of the event was the Honorable Vice-Chancellor of Atal Bihari Vajpayee University, Bilaspur, Professor Arun Diwakar Nath Vajpayee. He shared his insights on the significance of NEP2020 and its effective implementation. Professor Vajpayee said, "NEP2020 has the

potential to bring revolutionary changes in the education sector and will play a crucial role in the holistic development of students."

Dr. S. P. Dubey, Vice-Chancellor of ICFAI University, also addressed the session. He stated, "Through NEP2020, we can take significant steps towards bringing qualitative changes in the education system. This workshop provides a unique opportunity for our teachers and students to understand various aspects of this policy and share their experiences."

Participants from various universities and educational institutions participated in the workshop and deliberated on different aspects of NEP2020. The participants appreciated the organization of this workshop, finding it informative and inspiring.

The workshop was attended by university professors and researchers, scholars, and professors from various states through virtual platforms. The program concluded with a vote of thanks by the University Registrar, Dr. Manish Upadhyay. The entire event was organized with the participation of the university's Deans Dr. K. Kishore Kumar, Coordinator Dr. S.S. Dubey, NEP Coordinator Professor Dilip Mishra, Dr. Ramesh Yadav, IQAC Coordinator Dr. Piyush Thakur, along with all the faculty members and students.

Technical support was provided by Mr. Durgesh Maurya and Tanishka Shukla. The event was successfully conducted. Through such events, ICFAI University, Raipur continues its relentless

efforts towards excellence in the field of education and is setting new benchmarks in the educational domain.
